

Delivering to NEXT - Switching to Refurb

What is "Refurb" & Key Differences

Refurb is the process by which NEXT will label your products on your behalf. We scan your EAN label and apply our own POS label.

Refurb

Cost: 30p per unit

(Cost price NEXT do not profit on this route to market)

Potential penalties: £0 N/A

Compliant

Cost: £0

Potential penalties: Admin fees of £143 per contract if compliance or quality standards are broken.

next **brands**

Process	Compliant	Refurb
Booking	UKILS & UKBookings Email	FastTrack
Delivery	Loose loaded	Palletised and shrink wrapped
Carton packing	No Mixing	Can mix by SIZE
Cartons	BDCM	BDCM
Labelling	Labeled by brand	Re labeled at NEXT (Brand still applies their EAN label)
Live on site lead time	6-8 days to live	2-3 days to live

Additional benefits of refurb

FastTrack

- You're in control of bookings with FastTrack.
- Make your own bookings 3 days to ~6 weeks in advance
- Choose your own slot

Delivery confirmation report

- This report is sent 2-3 days after your stock is processed to let you know what was delivered vs what you pre-advised

Post-Room

- When delivering 20 cartons or less, stock can be delivered via courier, loose loaded, anytime between 9am-5pm on the day of booking.

How are you charged?

- You can either be charged through an invoice
- Or we can take the cost directly from your payments
